

# Hanukkah Fortune Teller

The dreidel game changed a German gambling game into a reminder of the miracle of Hanukkah.

Here is a fun game to play on Hanukkah which is based on an American game, fortune-tellers.

## You'll Need:

Fortune Teller pattern and (optional) paper and pencil.

## What to Do:

1. Cut out your Hanukkah Fortune Teller Game along the heavy solid lines.
2. Lay it on a flat surface, writing side down. Fold the corners to the middle.
3. Turn it over and fold those corners to the middle.
4. Fold in half lengthwise, open it, then fold it in half horizontally. Open it again. Put your fingers into the flaps on the outside. You're ready to play!
5. Ask a friend to pick one of the outside flap words. Open and close your fortune teller the number of letters in the word. Now have your friend look inside and pick one of those words. Open and close your fortune teller the number of letters in that word. Have your friend look inside again and pick one of those words. Open the flap under the word your friend has chosen and read the Hanukkah joke. Have fun!
6. You can make another Hanukkah fortune teller with your own jokes too!
